### CHORUS:

          Dm                  Bb  
There is a time, a time for war;  
                  C                  Dm  
It thickens the air like never before.

All who are wise will bring out a sword,  
                  Am7              Dm  
For there is a time, a time for war.

**Instrumental Interlude:** //: Bb | Dm | Gm7 | A7 ://

          Dm                  Bb  
Don't pray to be saved when the battle is on,  
                  C                  Dm  
'Cause that's not the way the whole war is won.  
          Dm                  Bb  
It's time to be big and banish the wrong.  
                  Am7              Dm  
If you wanna win, you gotta be strong.

### Tag:

          Bb                  Dm                  Gm7                  A7  
We gave you time to change your mind, to join our peace and not to fight.  
          Bb                  Dm                  Gm7                  A7  
But we can't harmonize with lies, so here we are standing defending what's right.
