

SPARK TO SPARK

Danika Starrhart

D | A | Bm | G

D A Bm G D
Black or white, red or blue, we all wear some kind of mask, and masks are not new.
A Bm G D
Wrong or right, despite what we knew, we all have something to ask, and there lies the truth.
A Bm G A D
Make a choice, trust your voice, get out of the shadows and into the sun.
A Bm A G D
Feel the pain of it, you know you will gain from it, 'cause everyone's story has only begun.

Chorus:

G Bm
Spark to spark, heart to heart,
D G A Bm G
Not a soul can explain the ache when the fire starts to wake.
D F#m
Spark to spark, heart to heart,
D G A Bm G
Not a soul can explain the ache when the dawn finally breaks.

D A Bm G D
Large or small, young or old, we all have a journey that's mostly untold.
A Bm G D
Here or there, these dreams that we hold, they've lived here forever; they're born in a soul.
A Bm G A D
Lost or gained, there's power in the brain; get out of your comfort and into the rain.
A Bm G A D
Just run wild with it and find your own child in it; it's all us together that keeps us all sane.

(Chorus)

Interlude:

Bm | G | Bm | G

(Instrumental Chorus)
