C Am F G  
Be it, feel it, live it, know it

C Am F G  
Be it, feel it, love it, show it

You deserve to live strong,  
You deserve to live it up,  
You deserve to live with blessings overflowing your cup

You deserve to live true,  
You deserve to live long,  
You deserve to live each moment backed up by a song  
You deserve to know your path

You deserve to know your heart  
You deserve to know your way, or at least know where to start

You deserve to know a friend  
You deserve to know a light  
You deserve to know a word that makes you not give up the fight

Be it, feel it, live it, know it  
Be it, feel it, love it, show it

Be it, feel it, live it, know it  
Be it, feel it, love it, show it

You deserve to love life  
You deserve to love you  
You deserve to love what's obvious, clear, and true

You deserve to love here  
You deserve to love now  
You deserve to love the why, the when, the where, the who, the how

You deserve to show a smile  
You deserve to show through  
You deserve to show the things that make you purely you

You deserve to show the truth,  
You deserve to show the way,  
You deserve to show the life that can be cherished every day

Be it, feel it, live it, know it  
Be it, feel it, love it, show it

Be it, feel it, live it, know it  
Be it, feel it, love it, show it

Be it, feel it, live it, know it  
Be it, feel it, love it, show it
